

Document Protection Solutions

AutoUltima™ Pro

Feeds, laminates and trims...
...all at the touch of a button

Ease of Use

GBC AutoUltima Pro makes lamination so quick and simple and is designed to support multiple users throughout the day, anyone in your company can laminate single or multiple documents at the press of a button.

As simple to use as a photocopier, just insert your documents into the feeder, select the film thickness and press start - the AutoUltima Pro does the rest!

Efficiency

Once you have pressed start, you can leave the AutoUltima Pro to reach optimum temperature before it automatically feeds, laminates and trims to size up to 50 documents in less than 15 minutes! The documents are quickly and perfectly laminated and aligned in the collection tray just waiting for you to pick them up; you can even combine various lamination jobs without worrying about standing by the machine.

No more time spent loading individual pouches and feeding each pouch one by one into the laminator and you have the perfect solution for items that may not be suited to a larger roll laminator.

Productivity

Increase your productivity dramatically and ultimately save on labour costs.

Added features

- Ease of use / One button control, no pouches needed
- Automatic feeder, simply load up to 50 documents in the feeder and walk away
- Fast throughput, 800mm per min (204 A4 per hour)
- Automatic built in Cutter, eliminates the need for trimming

Minimum effort...
AutoUltima™
...Maximum results

AutoUltima™ Pro EZload® Film

Colour-coded end caps make film loading foolproof.

Product Number

Specifications

Photo quality:	Yes
Warm-up time:	1 min.
Speed mm per min:	800
Temperature control:	Variable
Cold lamination:	No
Speed control:	Fixed
Max. Document width:	A3 (301 mm width)
Max. Document length:	continuous (as per roll film length)
Max. Roll thickness:	2x125mic (250 Total)
Ready Light:	Yes
Release Function:	Reverse

Document counter:	Yes
Auto switch off:	Yes, after 30 mins
Time to laminate 1 x A4:	37 sec
A4 Laminates / hr*:	204
Warranty:	1 year
Weight:	32 kg
Dimensions (W x H x D):	483 x 787 x 686mm
Power requirements:	230v/50Hz 3.5 amps
Safety:	GS / TÜV / CE

Specifications are subject to change without notification.

Laminating Film

Specially designed EZload film has colour-coded end caps which make film loading foolproof

Film Finish	Thickness (micron)	Roll length x width	Qty	Product Code
Matt	42.5 mic	150m x 305mm	2	3400923EZ
	75 mic	75m x 305mm	2	3400713EZ
	125 mic	60m x 305mm	2	3200201EZ
Matt/Gloss	75 mic	75m x 305mm	1 + 1	3200202EZ
Gloss	42.5 mic	150m x 305mm	2	3400919EZ
	75 mic	75m x 305mm	2	3400927EZ
	125 mic	60m x 305mm	2	3400931EZ
