

Precise – Versatile – Robust

For bookbinders, printers, banks, insurance companies, local councils, industry, etc.

With STAGO paper drilling machines, functionality, precision and ease of use are paramount. Robust construction, state-of-the-art drives and low-wear materials ensure perfect operation for many years to come. A wide range of features allow them to be tailored to specific needs.

All STAGO machines are certified for safety by the Technical Committee for print and paper-converting.

Options:

- Bench or stand version
- Sliding table with programme shaft for 6 adjustable hole centres
- Manual spindle stroke via foot treadle
- Automatic spindle stroke via foot switch
- Infinitely RPM-variation
- Fixed or adjustable distance between spindles

Twin-spindle paper drilling machine as a stand version with automatic spindle stroke via foot-switch, or with manual spindle stroke via foot treadle.

Specifications

Series	2000
Model	2015
No. of drilling spindles	2
Drilling spindle distance	80 mm or 60-120 mm
Drilling diameter	2-15mm
Drilling speeds min	2400
Drill types	High-performance steel - hard chrome - Titanium-/gride coating-/ detonation-coated
Drilling depth, max	60mm
Table size, fix table	650 x 550 mm
Table size, sliding table	650 x 380 mm
Depth	110 mm
Displacement up to	360 mm
Paper sizes	Up to A3
Materials	Paper/plastic/leather
Power supply	230 V/50 Hz
Drive output	0.55/0.8 kw
Machine dimensions (h/w/d)	740/650/560 mm 780/700/620 mm 1580/700/620 mm
Weight	58-120 kg
Certified by	GS/CE
Options	stand version, sliding table, further models and special designs on request
